

Dear Friend,

Since 1973, God has been working through the Adventures in Missions program to train, prepare and send college-age men and women to the mission field. In fact, over 1,500 young disciples have been sent to 191 mission points in 47 countries around the world. Can you imagine being trained, prepared, and sent to the mission field for 14 to 18 months? Can you imagine developing life-long, significant friendships? Can you imagine truly maturing your faith, growing in your knowledge of God's word and seeing others brought to Christ?

AIM is a two year missionary apprentice program in Lubbock, TX at the Sunset International Bible Institute. AIM will grow your faith; teach you how to confidently share your faith with others and perhaps most importantly, be a life-long follower of Jesus. You will learn to lead small groups, speak publicly and develop your leadership skills. You will have the opportunity to be on a team of fellow classmates working and serving alongside seasoned missionaries in lots of places around the world.

We know that at this stage in life there are so many choices in front of you. You may be considering heading off to college or finding a job or maybe even taking a "gap year." Maybe you're also thinking about missions? Maybe you're considering intentionally serving others or perhaps you're even contemplating growing more in your personal discipleship? If that's the case... check out AIM! We believe AIM is an investment in your spiritual walk that will pay dividends for the rest of your life. Over the years we have seen that it is one of the coolest and best ways to serve others, to have an amazing adventure, and most importantly, honor God.

AIM is a missionary apprentice program that requires a two-year commitment. You must be a high school graduate and between 18 and 25 years old to attend. No, you don't have to be perfect or a super-Christian to do this. Yes, you would have to raise support to come to AIM. No, it's not impossible. Yes, after intensive training and preparation you would be sent to the mission field for 14 to 18 months. Yes, AIM is tough but incredibly rewarding.

Yes, you can do this... if you're willing to walk by faith.
